

## CUSTOM FURNITURE COLLECTION

The perfect solution for integrated media technology. Timeless design elements, with real wood surfaces or RAL lacquered finish, and limitless options of mixing and matching ensure it will fit perfectly with your entertainment system and in your living room.

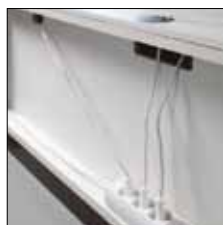

We offer basic entertainment units, or you can create new and interesting combinations using these basic elements or carcasses, such as body units, flap units, drawer units, and TV walls. Since these elements are designed and created for the use with audio and video equipment, it features cable apertures, sensor switches for lighting, and even speaker framed doors with acoustic transparent fabric.

choose from a selection of 190 RAL colors, also available in high gloss lack lacquery, and varnished glass

Real wood veneer colors:  
maple, grey oak, black oak, light oak, beech wood, european cherry, walnut, indian apple (tineo), olive
