Looking to watch a movie in style?

Let's take a seat ...

Since 2008 we have been designing and manufacturing quality home cinema seating solutions in Europe. Today our products are available worldwide through a select network of integrators and designers. We look forward to creating stunning home cinemas together.

“Our furniture is made with love
so fall in love with it”

Kevin Hellemans, owner

Matiz seats

Project featuring a two row **Matiz** seat configuration. The dual motorised relax mechanism ensure comfort and support for hours of binge watching. Lounge beds in front for cosy movie watching. Our upholstery fabrics feel soft, are durable and feature aqua clean for easy maintenance. Our side tables complete this seating arrangement.

Matiz seats

Discover how we can assist with the design of your home cinema. Our custom curtain service delivers a beautifull design hiding all technical aspects of a home cinema. Behind our acoustic transparant custains, speakers and specialised acoustic materials can be placed to ensure optimal sound. Discover our carpet collection to give the room its comfortable feel and look.

Perfect example of our Matiz seat modularity.
Chaise longue combined with dual motorised relax seats in front and a large row of 4 dual motorised relax seats in the back.

Our velvet fabric collection makes the seats shine and soft to touch.

Cupholders are essential in a cinema. Our steel powder coated cupholders are durable and finished with a removable felt inlay. Need more space? Discover our removable tray which fits inside the cupholder to create space for more drinks and snacks. Large trays or side tables allow for personalisation to fit each project demands.

Matiz seats & our lighting solution

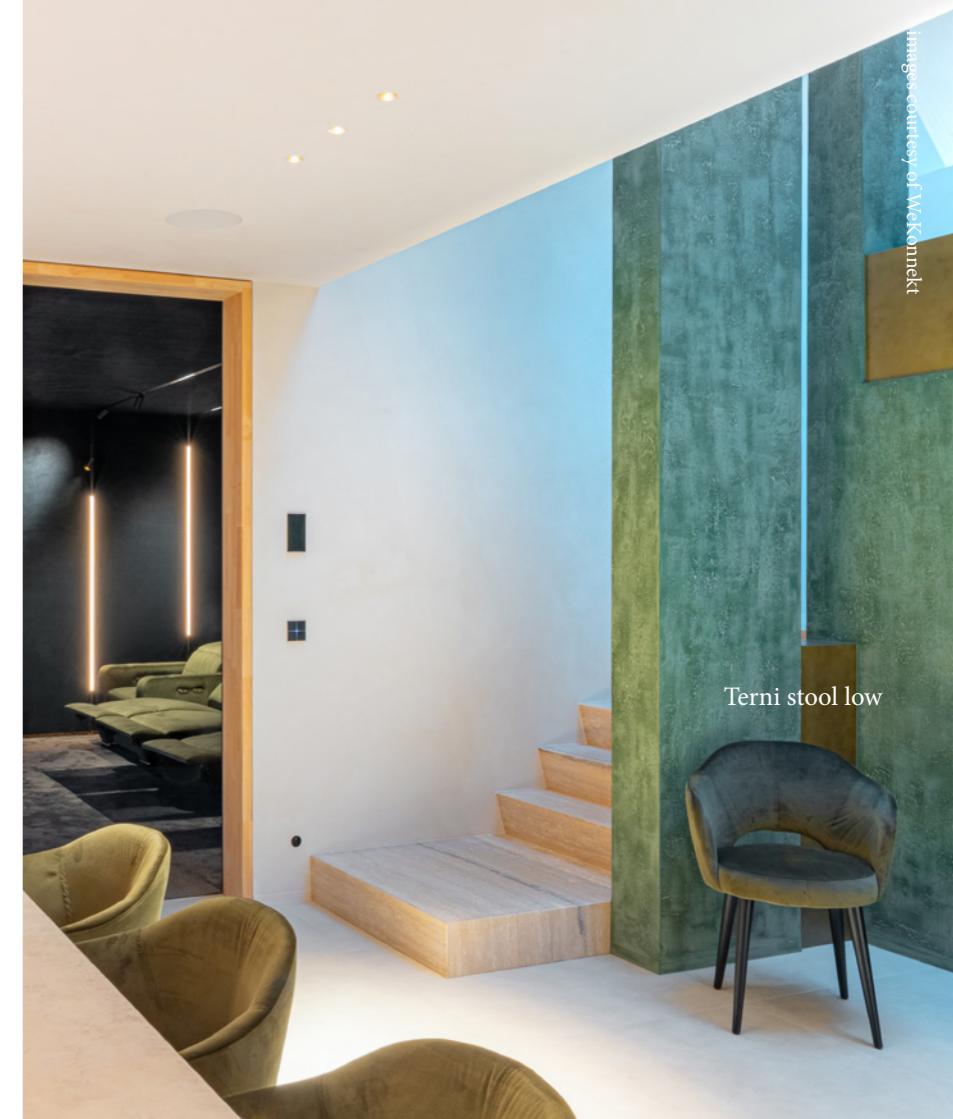

Perfect acoustic design.

Let us craft your bespoke home cinema using our specialized fabric stretch system. Select from an extensive range of floor-to-ceiling, acoustically transparent fabrics to create a beautiful aesthetic while discreetly concealing all technical components.

This project features our Luxo fabric, acoustic absorption foam and tension profiles for walls and ceiling. It also features our unique magnetic track lighting system.

Next to a row of Matiz seats our BB bean bags were added to offer extra seats when necessary.

The entrance to the cinema features our TERNI stools, all seats finished in our velvet fabric.

Terni stool low

Project by Die Zwei - Heimkino GmbH

What a cinema!
Beautiful and unique design from lighting integration to woodwork
and from our dual motorised Matiz seats to the matching customs and wall fabrics.

Project by DeOpera
www.deoperadomotica.nl

DeOpera has unveiled an incredible demo cinema at their new showroom, offering an immersive experience that is truly worth seeing. Fully automated with breathtaking picture and sound, the experience is perfectly complemented by the exceptional comfort of our Matiz seating.

MILAN

The Milan seat features a steel single motor wall away relax mechanism and a manual adjustable headrest, offering all the comfort you need while watching your favorite movies ...

Milan seats

Antwerp Diamond Acoustic Panels

This project was designed by us and installed by our dealer in Tbilisi, Georgia.

Diamond shaped acoustic panels were finished in our Magnum suede fabric. These panels allow for easy installation on site.

Allow us to design your next cinema using these beautifull panels.

Milan seats

Amalfi seats

AMALFI

The Amalfi seat is a masterpiece of design, crafted with supreme luxury and unparalleled comfort as its core principles. Featuring a dual-motorized 'Zero Gravity' mechanism, it allows you to find your perfect, personalized seating position with ease. For the finishing touch, an articulating headrest provides precise neck support, ensuring every movie marathon is a relaxing experience.

DUNE

“No one ever made a difference by being like everyone else”

An exciting all new design concept. The DUNE allows you to create endless seating layouts and is also available without armrests, if required. Use our small metal tables and cupholders for drinks and enjoy watching a favourite movie together.

The DUNE features a motorised incline mechanism, and an electric adjustable headrest. Also available in 2 seating widths and as a chaise longue

DUNE

Comfort is key, the DUNE seat features soft foam no sag support for years of comfort. Create your own seating configuration.

LIV

Elevate your living space with our modern sofa, featuring motorized relaxation for ultimate comfort. Ideal for living rooms, stylish cinema setups, this seating solution combines elegance and functionality.

- fixed sofa or motorised relax
- endless seating configurations
- optional headrest
- soft quality foam for optimal comfort
- wide collection of fabrics
- designers can supply their fabric
- optional pillows
- armrest table.

BARLES

Transform your living room with our versatile modular sofa. This innovative piece not only offers ample seating for family and friends, it also features a spacious daybed for two, perfect for cosy movie watching.

A modular designed sofa, perfect for the entire family. Your seating solution for living room or sofa style cinema installations.

- endless seating configurations
- soft quality foam for optimal comfort
- wide collection of fabrics
- designers can supply their fabric
- pillow included in same or contrast fabric
- armrest table

SAVONA

Our luxurious sofa,
available in a wide range
of superb quality fabrics.

Your seating solution for living
room or sofa style home cinema.
Create endless configurations.

Savona sofa

FLOW

A modular designed sofa, perfect for the entire family.
Your seating solution for living room or sofa style cinema installations.

- endless seating configurations
- soft quality foam for optimal comfort
- wide collection of fabrics
- designers can supply their fabric
- optional pillows
- armrest table
- metal finish on outside armrests in taupe or black metal coated

TERNI

Add our Terni stool to the back of your cinema room as extra seats to enjoy sports with friends and family. Or use them in the leisure room outside the cinema.

Available as stool and barstool in two heights.

BB

A luxurious shaped bean bag.

Now you can add extra seats to your home cinema for kids and visitors. Want to play video games? These will be great to place in front of the seats and add gaming accessories like steering wheel and pedals.
