MATIZ

HOME CINEMA OR MEDIA ROOM SOFA

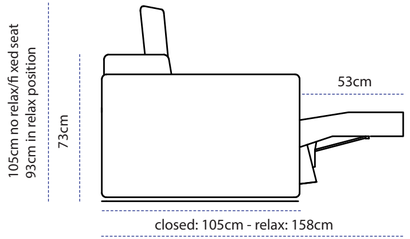

MATIZ

CONTEMPORARY DESIGN. SUBTLE FUNCTIONALITY

The MATIZ collection was created with one clear goal: to present a refined, abstract look that discreetly conceals extensive functionality. This innovative range of cinema seating is unique, offering a truly modular concept that merges the plush comfort of a sofa with the sophisticated features of a traditional high-back theater seat.

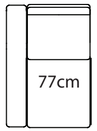

Steel-frame system with dual motors for independent footrest and headrest adjustment, letting users set their ideal seating angle for comfort.

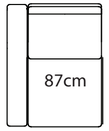

Designed with ergonomic care, premium materials, and balanced foam for excellent comfort during long viewing sessions.

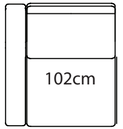

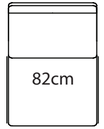

MODULARITY = INGENUITY
Modularity offers great adaptability, enabling you to design a seating arrangement that perfectly blends style and individual taste. Each MATIZ seat is constructed from modular parts – seats, armrests, chaise lounges, and more – available in different sizes. These elements can be mixed and matched in endless combinations to create a distinctive layout that fits your space seamlessly.

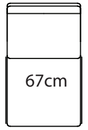

FIXED, no footrest, with manual headrest (option: motorised headrest)

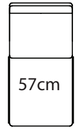

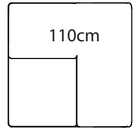

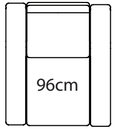

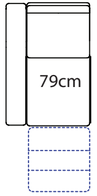

corner unit

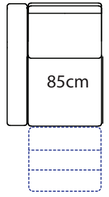

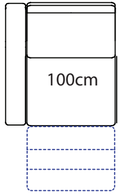

single seat FIXED
