MADISON

LEATHER COLLECTION / 01 - 04

HALF-GRAIN LEATHER / COLLECTION OVERVIEW

Modern comfort. Timeless character.

MADISON is a soft, generously textured half-grain leather, with a rich natural-looking surface and a subtle satin finish. Its supple, cushioned feel brings an inviting sense of modern luxury to RASIKE home cinema seating, recliners and contemporary living-room sofas.

PERFORMANCE & CARE

Made to be lived in.

REFERENCE PERFORMANCE DATA

Historical technical sheet; request up-to-date certification before specifying.

Dry rub fastness	**500 cycles / >= 4 grey scale**
Wet rub fastness	**150 cycles / >= 4 grey scale**
Alkaline rub fastness	**80 cycles / >= 4 grey scale**
Flexing endurance	**>= 30,000 cycles**
Tear strength	**>= 20 N**
Coating adhesion	**>= 2 N/cm**
Light fastness	**Blue scale 5**
Ignition resistance	**EN 1021-1/2: historical Pass**

LEATHER MAINTENANCE

Everyday care

Dust with a soft, dry microfibre cloth. A lightly dampened cloth can remove minor marks; immediately dry the surface.

Deeper cleaning

Use a mild soap solution on a well-wrung cloth. Dab in gentle circular motions without rubbing. Test on a hidden area first and dry immediately.

Avoid

Alcohol, acetone, ammonia, bleach, oils, standing moisture, direct sunlight or heat, and sharp or abrasive objects.

Colour and performance data are supplied for selection guidance. Physical samples, current test reports, appropriate fire ratings and final batch approval are required before upholstery production.
